CAREER OBJECTIVES

A Fresh graduate of the field of Computer Science & Engineering with experience in frontend development, academic research, and technical documentation. Skilled in one-to-one peer educator, React, FastAPI, UI/UX design, and content communication. Interested in software engineering, research-based projects, and technology-focused problem-solving. A strong mindset of growing and learning with good organizational opportunities.

Education

University of Liberal Arts, Bangladesh, BS in Computer Science Engineering Feb 2020 – May 2026

- CGPA: 3.06/4.0
- **Related Coursework:**
Data Structures & Algorithms, Software Engineering, Artificial Intelligence and Machine Learning, Natural Language Processing, Database Systems, Business Communication

Experience

Peer Educator | Independent 2023 – Present

- Simplified technical concepts into understandable content for students and beginners
- Developed consistency in communication, presentation, and planning

Projects

Capstone Project June 2025 – May 2026

- Built full-stack web application for TongueCheck — serving real-time AI diagnosis with under 2 seconds response time using FastAPI + React/Vite
- Achieved 89.1% classification accuracy using EfficientNet-B1 + CBAM architecture with Grad-CAM explainability for visual diagnosis interpretation

Sentiment Analysis on Amazon Reviews 2026

- Built an NLP-based sentiment analysis system using TF-IDF and machine learning algorithms
- Applied Logistic Regression, Naive Bayes, and LinearSVC for classification tasks
- Prepared project presentation and evaluation analysis

Technical skills

- **Programming & Development:** Python, C++, JavaScript, React.js, FastAPI, Django, HTML, CSS, MySQL, SQLite
- **Tools & Technologies:** Git, GitHub, Figma, VS Code, Firebase, REST API, ChatGPT, Claude, Google Scholar, ResearchGate
- **Other Skills:** Technical Documentation, Research Writing, UI/UX Design, Prompt Engineering, AI-Assisted Workflow Optimization

Certification

- Full Stack Web Development with Python, Django, React [Ostad Limited]
- Coding Interview Preparation [Ostad Limited]
